# Ward's Science Olympiad Kits

## The only kits officially-licensed and approved by Science Olympiad

- Save time and money with pre-prepped kits and materials to match official events
- Materials sourced and assembled
- Kits developed in collaboration with Science Olympiad Event Supervisors from designing instructions, building templates and selecting kit components
- Because we provide materials to match event rules and requirements, students get hands-on practice that's accurate, realistic and repeatable at the real event
